## MAN SLAIN BY THREE IN FIGHT NEAR KENTON

Two Knife Wounds in Back Fatal to William Burd of Foraker.

TRIO HIDING IN MARSH

Victim Lives 12 Hours; Tells Sheriff Names of Two Assailants.

Special to The Star

KENTON, O., Aug. 31.—The Kenton marsh is being searched today for three men wanted by Hardin county authorities in connection with the fatal stabbing of William Burd, 33, at his home a half mile south of Foraker southwest of here.

Burd died today at 9 a. m. in McKittick hospital here from two knife wounds in the back. His lungs were pierced resulting in internal hemorrhages which caused his death. He lived 12 hours after being attacked.

Two Names  
Wick Patton, 29, and his brother Troy, 29, were named as two of the assailants by Burd before he died. Sheriff Morton Ansley said, "The name of the third man was not revealed by authorities."

The stabbing took place in front of the Burd home following a drinking party at another home. Sheriff Ansley said, Burd, his wife and Herbert Carder of Kenton had returned home to eat supper and were preparing to leave for a dance here when the three men approached the machine in front of the Burd home.

Burd was pulled out of the car and the fight started. While his wife looked on, Burd was stabbed twice.

Wreck Machine  
The men jumped into their machine and attempted to escape. Their car was wrecked a short distance away and the men started walking across the marsh where they are now believed hiding.

Burd's wife immediately called county authorities and the wounded man was taken to the hospital. However, his assailants had made their escape before the authorities arrived.

Burd's widow and Carder were unable to give investigators a clear account of what happened. They said they did not know who did the stabbing.

County Prosecutor Kahler said that charges are being drawn up but would not say what the affidavits would contain and against whom they would be filed.

## MCDONALD CONTINUES GOVERNMENT'S TASK

Premier of England Reiterates Pledge To Aid Nation in Crisis.

LONDON, Aug. 31.—Prime Minister Ramsay MacDonald today took up the task of his new national government where he left off Friday.

Reiterating his pledge to steer the country safely through the financial crisis, he made it clear that he has no intention of submitting to the demand of his constituents in Sefton harbor that he resign from the house of commons.

"I am going to see it through," he said. "There is no time for delay and I do not intend that any time should be wasted."

His pilot brought him from Loughborough to the Herndon airfield in 10 minutes less than the usual time for the run and the prime minister went immediately to his office for a cabinet meeting.

While he was on the way from Sefton, J. H. "Jim" Thomas, one of the few labor cabinet ministers supporting the new government, broke with the national union of railwaymen after a life-time association.

The union demanded his resignation from the national cabinet and Mr. Thomas, asserting that such an action would brand him as a coward and a cad, resigned from the leadership of the union instead.

## 7 SUSPECTS HELD IN MURDER PROBE

By The Associated Press

KENTON, O., Aug. 31.—Seven suspects were held today in connection with the death of Mrs. Stella Litter, 39, whose nude body was found on the bank of a creek near here early today.

The woman's clothing was found a few yards from her body. Her head and body were badly bruised. An autopsy will be held this afternoon.

## COLLEGE STUDENTS LOST IN BLIZZARD

By The Associated Press

WELLINGTON, N. Z., Aug. 31.—Seven Auckland university students, including three girls, are missing somewhere on Mount Robinson where a blizzard blizzard portended a party of 16 over the weekend. Seven were returned and three said all the members of the party were saved together but the story was so thick that they could not see each other. The party was late two groups, one of which was not returned.

## CHALLENGES MURDER STORY

Attorney Denies Mrs. Veras Confessed Pushing Man from Window.

FINDS POISON TOO SLOW

Rooming House Operator Silent in Court; 75 Insurance Policies Fined.

By The Associated Press

DETROIT, Mich., Aug. 31.—A claim by the prosecutor's office that Mrs. Rose Veras had confessed the slaying of one of 12 men to die in her rooming house during the past eight years, was challenged today by Frank M. Kenney, Jr., attorney for Mrs. Veras and her son, William.

Kenney challenged the alleged confession after Mrs. Veras and her son had stood mute in recorder's court when arraigned on charges of slaying Steve Mak, the roomer. The two were held without bond pending examination Sept. 4.

Kenney said he had talked with Mrs. Veras at the arraignment and that she had denied confessing to the police or any one else.

Assistant Prosecutor Duncan C. McCrea had announced today that Mrs. Veras had confessed to "a party not connected with the police department," that she pushed one of the men from an attic window, the fall causing his death.

McCrea said that in the woman's statement she told the person, whose name was not revealed by police, that she pushed Stephen Mak, last of the 12 men to die, from an attic window after attempts to poison him had failed.

Seventy-five life insurance policies were found in Mrs. Veras' home when she was arrested, several of them on the lives of the men who died in the home. Official said that Mrs. Veras held at least \$4,000 insurance on the life of Mak.

McCrea said that the woman denied any complicity in any of the other deaths in her home. But had admitted she killed Mak to obtain insurance of which she was the beneficiary.

He said she held seven policies on Mak's life, and that she paid the premiums on all of them.

According to McCrea, Mrs. Veras confessed she tried to poison Mak by putting lye in coffee and liquor that he drank, but when she found he was "not dying fast enough," she turned him up a ladder placed at the side of her house, urged him

## Man Imprisoned 22 Years Said To Be Innocent

By United Press

MT. CARMEL, Pa., Aug. 31.—The deathbed confession of a 42-year-old farmer urged authorities of two states into action today seeking justice for a man who it is claimed has served 22 years in prison for murder he did not commit.

The victim of what now is declared to have been a tragic marriage of justice is Jesse Lucas of Mt. Carmel. He is in the Chester, Ill., penitentiary, serving a life sentence for the murder of Clyde Showalter, a young stockbuyer whose body was found floating in the Peche river 26 years ago.

Showalter was killed in connection with the action intended to bring about Lucas' release, was started after the death last June of George R. Pond, 62, a farmer who lived at Decker, just across the state line, near Vincennes in Indiana.

Pond's wife, Rachel, and Mrs. Anna Smith told authorities that Pond confessed on his death bed that it was he, not Lucas, who had killed Showalter.

Mrs. Pond and Mrs. Smith said Pond told them to pray for him. Showalter was shot Oct. 19, 1908, by Lucas, who was released later in the river on the Indiana side. Three years later, on Aug. 18, 1911, Lucas and his mother, Mrs. Spencer Lucas, were charged with the slaying. Both were convicted the following April. Mrs. Lucas was granted a very brief and summary of the charges against her child, Stephen. She was sent to prison, protesting her innocence.

## PHOEBE OMIE NAMED WINNER OF AIR DERBY

Is Declared Victor in Women's Division; May Also Get Sweepstakes.

FIRST TO REACH GOAL

Protests Against Handicap System Heard by Race Officials.

By The Associated Press

CLEVELAND, O., Aug. 31.—Mrs. Phoebe Omie, who has made a habit of leading "lady birds" in flying, today was judged winner of the women's division on the national sweepstake handicap derby. Scorer, working all night to rush competitive averages of 51 men and women who took a week to fly the 2,100 miles from Santa Monica, Calif., to Cleveland, gave the Memphis, Tenn., aviatrix a rating of 109.13 per cent more than 10 points ahead of Mrs. Martie Bowman of Glendale, Calif., who rated 98.96 per cent.

The official checkers, Ray Burrows of Los Angeles, and Myron Griffin of Cleveland, added that Mrs. Omie "is unofficially conceded the sweepstake prize also. Ratings remain to be checked."

First To Arrive  
Mrs. Omie, first of her sex to receive a transport pilot's license, was first across the finish line yesterday. She won the Dixie derby of her sex's air races.

Ranked next to Mrs. Bowman, in order of flight handicap ratings were Mrs. Mae Hall of St. Louis, Edith Polk of Portland, Ore., Mrs. Louise Thaden of Pittsburgh, Mrs. Gladys O'Donnell of Long Beach, Calif., Gloria Granger of Santa Monica, Calif., Ruth Stewart of St. Louis, and Mrs. C. E. Shankle of Fort Mill, S. C.

Officials listened for more than five hours after Mrs. Omie's start and yellow plane flashed over the finish line to protests of their handicapping system, but said further talk of disqualification contestants would not be taken unless bond was posted.

Today's Events  
Two women's events that were postponed a day to give derby fliers a chance to rest marked today's program, a dead stick landing contest and a 30-mile free-for-all race for planes powered with engines of not more than 516 cubic inch displacement.

## GANGSTERS REOPEN WARFARE IN N. Y.

18-Year-Old Girl Wounded; "Slaughter-House" Killings Solved

By The Associated Press

NEW YORK, Aug. 31.—Gangsters opened reckless fire again last night into streets crowded with children and adults, and wounded an 18-year-old girl.

It was the third time in five weeks that gunmen had caused a bystander to fall, wounded by gangster lead. Two small children died in the previous fusillade.

While the victim of last night's attack was being treated for a bullet wound in the thigh, police announced solution of the "slaughter house murder" of a week ago in which one of three men flew up against a wall and shot, was killed. The other two men are recovering from their wounds.

Mrs. Jennie Bellantone was the girl wounded last night. The shots were intended for Joseph Santora, who told police he had been threatened with assassination when he resisted extortionists. He is a longshoreman, and the father of 12 children.

Last week's murder was solved, police said, by the confession of Barney (English) Wolfson, who, with six others, was captured by police who besieged them in a Brooklyn apartment after being tipped off by a dance hall hostess, jealous of one of the men's affections.

## GRAF ZEPPELIN ON TRANSATLANTIC TRIP

German Zap Radios "AF's Well" as Ship Wings Way Toward Brazil.

By The Associated Press

FRIEDRICHSHAFEN, Germany, Aug. 31.—The Zeppelin today received a radio message from Graf Zeppelin at 7 a. m. (1 a. m. Eastern time) today, saying, "The dirigible passed over the Canary Islands at 1:30 a. m. G. M. T. (10:30 p. m. Eastern time, Sunday) and was proceeding toward the Cape Verde Islands on her way to Brazil. The weather was fair and all on board was well."

The dirigible took off Saturday night with 25 passengers on a 20-day trip to Pernambuco, which she is expected to reach in about 20 days.

There will be only a brief stop in Brazil and the Graf will start back for Germany.

One of the passengers is Robert A. Smith of Chicago, Ill., who with the Graf's owner, Count von Zeppelin, is on the way to New York to visit the city.

## AT MURDER SCENE

This Associated Press photo of part of the crowd which thronged to the scene of the murder of Mrs. Asia Kicher, Chicago widow, and her three children near Clarkburg, W. Va., is shown watching the gruesome work of removing the bodies from their crude graves. Cornelius O. Florman confessed to the murders.

## Aged Illinois Man Has Good Time at Own Funeral

By The Associated Press

BENTON, Ill., Aug. 31.—Stephen R. Patton, 80, went to his own "funeral" yesterday and enjoyed every minute of it.

Patton, who recently conceived the idea that it would be better to have his funeral sermon preached while he was still able to hear it, rather than wait until it was too late, listened to Rev. John R. Mahoning deal impartially with his life and works.

"I am told that our good brother, Patton, in his early days, was a very wicked man and lived a very wicked life," the pastor said. "But the beginning of an impelling conviction of his responsibility to God resulted in his later conversion and his subsequent faith, which has been his support and anchor down unto this day."

He added that if the "late departed" had not stayed from the narrow path, he could now face eternity with serenity, since "the grace of regeneration removes the terror of death," to which Patton said "amen."

The occasion of the funeral was Patton's birthday anniversary, and the services, attended by relatives and friends, were conducted at his home near Valler. Three other ministers assisted Mr. Mahoning.

Many flowers were sent, and Patton said that when he died he doesn't want any more. Neither does he want another funeral sermon.

## ORDERS CLEANUP TO CHECK CORN BORER

U. S. Department of Agriculture Acts To Stop Spread of Pest in Ohio.

By The Associated Press

SPRINGFIELD, O., Aug. 31.—The statewide spread of the corn borer in the northwestern section of Ohio, said to be from four to nine times greater than during last year, today caused United States department of agriculture quarantine representatives to announce that farmers must inaugurate an intensive clean-up campaign to prevent further spread of the pest.

K. G. Brewer, government corn-borer expert, with headquarters here, reported that while the borer's activities have been limited to the southern section, the infestation in the northwestern area is higher than at any time since 1927. He attributed the bad condition to the fact that farmers, while enjoying a bumper crop, had failed to clean up fodder and refuse from last year.

Brewer said his agents had met with new waves of infestation in Indiana. Southern harvest, he said, was affected but little by the death of the borer.

## CONVICT GANGS HUNT FOR MORE MURDER VICTIMS

Police Suspect Confessed Slayer of Five Persons May Have Slain Others and Buried Bodies Near Death Garage.

POWERS DENIES ADDITIONAL KILLINGS

Gruesome Details of Crime Obtained One by One from Mail-Romero by Questioners; Murderer Pronounced "Legally Sane."

By The Associated Press

CLARKSBURG, W. Va., Aug. 31.—Convict road gang today began digging through the debris littering an old well near the garage of death of Harry F. Powers, 42, seeking any victims there may be besides the five he has confessed he killed in his quest of the property of matrimony-seeking women.

They dug despite the smiling statement from Powers concerning the five that "that's all there are." Digging progressed because officials still held to the belief that more of the hundreds of women with whom Powers corresponded might have died by his hand in the bloody garage and been buried nearby.

Formal confession of the killings of Mrs. Asia Kicher and her three children, all of Chicago, and of Mrs. Doretha Lempho, of Worcester, Mass., was promised by Powers today, with the possibility of arraignment to receive his plea later in the day.

In almost every state of the union, meanwhile, police officers and postal authorities sought women who had written to Powers in his guise of Cornelius O. Florman, wealthy and home-seeking civil engineer.

Worked in Mansfield  
Powers told police he had worked in Mansfield, Ohio, in 1925 and early in 1927 but refused to say where or what occupation he followed.

On yesterday Powers told his questioners he did not know how many persons he had killed. Later he insisted there were but five—those whose bodies already have been recovered.

Details of the killings came from Mr. Little by little, while at the same time from here and there came fragments of curious and bizarre rumors which almost destroyed the death garage in shipping fragments from it.

He brought the two women and three children to the lonely garage building about August 1, he said, kept them a while in the dark, airtight cubicles of concrete and hollow tile he had constructed secretly in the cellar, and then brought them into the light and all above only to die at rope's end and by hammer blows, and suffer crude clandestine burial.

Ray from Mother State  
Harry Kicher, 12, said his mother killed Powers said "but in the middle of it he let out an awful scream. I was afraid the neighbor would hear it so I picked up a hammer and let him have it."

Discovery of his victims, and telling of his confession, seemingly affected Powers little once he had broken and revealed his secret. He ate well, played poker with other prisoners in the county jail, using matches for chips.

At intervals he talked of himself.

Rudolph Valentino was his idol, he said. His hobby crime, "sublimated crime" and sex psychology. His letters, police said, revealed him as a self-confessed student of women. Meanwhile he was professionally a roustabout seaman. Of his "party life" he would say nothing, beyond that he was born in Cedar Rapids, Ia.

Years ago he began dealing with metropolitan agencies, "the fun," he said. Harry Powers, by common consent, was a "party" man. He was a "party" man. He was a "party" man.

# Dark Horse Teams Flash Form in Softball Tournament

## IT'S LOSE AND YOU'RE OUT AS KAPPAS PLAY PRESBIES TODAY

### FIRST ASPIRANT FOR CITY SOFTBALL TITLE FACES ELIMINATION

Church Champions Given Edge Over Commercial League Titlists.

It will be nine and you're out today in the Little World series at Lincoln park when the Kappas and First Presbyterians cross bats. Both teams have been defeated once and the one that is handed the short end of today's score can pack its uniforms in moth balls until next season and write this to this year's schedule. The Kappas were defeated in the first game of the series by the Irish 3-1. The Presbyterians played one 10-inning tie game with the C. D. & M. and then lost the play-off 5-2.

The odds are all against the Kappas heading the Presbies the second consecutive beating. Although both teams will be fighting tooth and nail the No. 2 Church league champs on paper have all the better of the argument. However the Kappas put up a nip and tuck battle before dropping the first start to the Irish and they might come through with a victory today. There will be a lot of rain birds badly fooled however, if they accomplish this feat. Last season the Commercial league titlists were the first team to be eliminated from the series and this season it looks as though history would repeat itself.

### Acting Manager George Hinklin

expected to give the Kappas batting order somewhat of a shakeup before today's encounter in an effort to push some more runs across the plate. Johnny Rife, who has been batting in second place for the team, is likely to be shoved down to about sixth place inasmuch as he is in a bad hitting slump. Roscoe Hank or Cliff Ward may be moved up to the head end of the batting lineup in an effort to supply the badly needed punch.

Paul Castner, Presbyterian manager is expected to sit tight on his lineup. The Presbies have hit only 215 as a team in the two games to date but it isn't likely that shuffling the order will enable a lot more runs to cross the plate. It isn't lack of hitting that beat the Presbyterians in the C. D. & M. fracas. It was too many errors and general loose defensive playing at crucial moments of the game.

### Play Again Wednesday

On Wednesday of this week the C. D. & M. and St. Mary's, the unbeaten series entrants, will play their second start when they oppose each other. The result of this game will not eliminate either of the teams. It requires two defeats to put a team out of the tourney. It will be recalled that last summer the Erie Roundhouse dropped its first game to the Lee Street Presbyterians and then came back to batter its way to the city championship.

On Friday the winner of the Monday and Wednesday games will clash. All of the games will start promptly at six p. m. at Lincoln park.

### LIMA SUCCUMBS TO 13-HIT ATTACK OF ASHLAND CLUB 6-1

Mohican Rubber Company Plays Snappy Game To Win Easily; Findlay Surprises Fans with Startling Reversal of Form.

It was dark horse day yesterday in the Central Ohio recreation baseball tournament at Lincoln park. Two teams which had been expected to batter their way into the semi-finals with no more than ordinary difficulty ran into unexpected snags and were eliminated by supposedly weaker ones. Despite a morning of rain the Lincoln park playing field was in excellent condition and approximately 900 fans saw the third day's games of the tournament.

The semi-finals of the tourney will be played next Sunday with a three game schedule to be announced on Tuesday.

The Mohican Rubber company team of Ashland pulled the No. 1 upset of the three-game program

### DELAYED AGAIN

The game between the Lutherans and Epworth Seniors for the "cellar championship" of the No. 1 Sunday school league has again been postponed. It will not be played this week contrary to what was published last Saturday. Inability of the teams to have all their players this week is given as the reason for the latest delay. Secretary Elmer Shaw of the city softball commission announced today that this game would absolutely be played next week. No further postponements will be granted, he said.

### Get 13 Hits

The Ghastr Outdoor Ads of Lima were the victims, succumbing to the Ashland nine 6-1.

### Get 13 Hits

The Ghastr Outdoor Ads didn't have Carmosino, the pitcher who hurled a no-hit game for them a week ago, but they did have another who was nearly as good. It didn't make any difference. Ashland clubbed his giants all over the park for a total of 13 hits and there wasn't a scratch one in the lot. Of the 13, two were doubles and the rest singles but most of them came at opportune times. The Outdoor Ads committed five errors to aid Ashland's cause but had they fielded a perfect game they would still have lost. A team that gets 13 hits and holds the opposition to five isn't likely to lose.

### Roberts Hurled for Ashland

Roberts hurled for Ashland and did a plenty nice job of it. He isn't the fastest pitcher in the tournament, but what he lacks in speed he makes up in headwork. Roberts had the Lima boys swinging at all kinds of balls yesterday

Beck's Barbers of Findlay turned in the other surprise victory of the day. Having played a 2-5 nine inning tie game with the Marion All Stars a week ago, no one had figured them to have more than an ordinary club. However, the schedule yesterday called for the Findlay nine to play off the tie game and then

According to the calendar autumn will not officially come into being until Sept. 21. However, for all practical purposes it will be ushered into being here Tuesday of this week when Harding High school's gridiron hopefuls assemble at the Six Mile practice field for the opening drill of the 1931 season. Doubtless, this first drill will not amount to much save to allow the coaches some idea of their supply of material for the season. It will take at least a couple of three weeks to discover if Harding is destined to have a football team capable of retrieving some of the past glories of the school.

Long Gives One Hit as Lutherans Stop Pleasant 7-3; Caledonia Forfeits.

### Waldo Lutheran Sunday school

looks as the first county recreation baseball champion as a result of winning the second victory Saturday in the county Little World series. Waldo defeated Pleasant township 7-3 behind a one-hit pitching performance of Long to hold a record of two games won and none lost in the series. Pleasant township and Kirkpatrick trail the leaders with a 500 per cent mark. Pleasant's three runs Saturday against Waldo were all unearned. Long gave up one hit but an error allowed all three of the Pleasant tallies to scamper across the plate.

Saturday when it failed to put in an appearance for its scheduled game. Kirkpatrick will play Pleasant Thursday of this week at the Steam Shovel athletic field in a game which will eliminate one of the two teams. Saturday the winner of this game will play Waldo.

## "ROLL Your OWN!"

Genuine "BULL" DURHAM Tobacco at 5¢ marked the entrance of my father, Percival S. Hill, into the Tobacco business. For 14 years he was President of The American Tobacco Company. The fine quality and popularity of "BULL" DURHAM were always subjects of great pride to him. # County School Cost Cuts To Save \$44,524 in Year

## RAYBURN LISTS REDUCTIONS

Reduction of 10 Per Cent in Teachers' Salaries Biggest Item.

PAY LOWERED \$30,000

Nine High School Instructors Dropped as Economy Measure.

Savings of \$44,524.37 will be effected in the operation of the county school system during the ensuing year as a result of a 10 per cent reduction in salaries of all superintendents, supervisors and teachers and other retrenchment steps taken by the county board of education. C. B. Rayburn, county schools superintendent, stated today. Operation costs for the 1934-35 term are used as a basis for comparison to show where the savings are effected.

Salaries, transportation costs, janitor hire and other items have been materially reduced in the county schools, an analysis of the retrenchment program compiled by the superintendent discloses. The county board took steps to reduce 1931-32 costs in anticipation of a shortage of school revenue.

Drop Nine Teachers have been eliminated in the county system by combining classes alternating subjects in odd and even numbered years, increasing the teacher load, and increasing the teaching load of the local superintendent, Mr. Rayburn said. Two grade teachers also have been eliminated.

The total savings is made possible by reducing school salary costs \$30,000.00, lowering the cost of transporting students to centralized schools \$9,999.34, reducing janitor costs \$2,043.75 and effecting reductions in other miscellaneous items totalling \$2,481.28.

The salaries of school bus drivers and janitors were not affected by the 10 per cent blanket reduction in salaries of teachers and other instructional staff.

Cut Office Cost. The office of the county superintendent of schools will operate on \$1,804.40 less than in 1933-34, the superintendent points out. The net cost to taxpayers of maintaining this office next term will be \$7,129.52 plus state aid of \$1,000 on the salary of Superintendent Rayburn.

An analysis of the costs of operating the county office shows the county superintendent's salary is \$2,510; the salary of a primary supervisor and attendance officer, \$2,000; the salary of a secretary is \$1,350. A stroke of economy was the combination of the duties of the primary supervisor and attendance officer. C. G. Rikaler formerly was county attendance officer. Salaries of the county superintendent and his assistants were reduced 10 per cent.

School districts of the county and the savings effected in each for the next term follow: Caladonia, \$2,220.50; Clinton, \$1,806.70; Grand Prairie, \$2,792; Green Camp \$2,120.75; LaRue, \$4,382.80; Marion township, \$2,534.75; Montgomery rural, \$2,315; Morris, \$2,232.50; Agosta, \$1,240; Pleasant, \$4,412; Prospect, \$5,296.90; Scott township, \$1,048.00; Tully township, \$2,718.18; Waldo, \$3,186.

## ACCIDENTS INCREASE AS WORK SPEEDS UP

State Has 126 Deaths During Month; Marion County None.

The speeding up of building construction, street, highway and sewer work throughout the state is given by Thomas P. Keena, superintendent of the state division of safety and hygiene, as the cause for the marked increase in the number of fatal accidents during the month of July over that of any month so far this year.

A total of 126 deaths from accidents during the month is given in a report recently released by the safety department. An increase in the number of non-fatal accidents is also shown in the report which says: "The non-fatal accidents in industry reached a new high for the year, being 8,049 in excess of June, the previous high month of 1931."

Although the report shows 102 accidents in Marion county during the month, none resulted fatally. Two, however, caused permanent disability. 18 caused over seven days loss of time. 14 seven days or under and 63 were medical cases but resulted in no loss of time. The time lost for the county during the month was 2,692 days while the time lost during July last year was 2,335 days. The report shows 133 accidents last July with no fatalities.

## SEES BRIGHTER WHEAT FUTURE

Market Situation Points to Better Prices, Research Director Says.

By The Associated Press

COLUMBUS, O., Aug. 31.—The wheat market situation is improving for the long pull and the statistics of this year's crop and of the demand for wheat are pointing toward better prices after a few months, according to Carl J. West, research director of the Ohio Farm Bureau.

"Under a wheat market which was not disturbed by so many political influences, the present situation would indicate higher prices," Mr. West said.

"The surplus carryover of wheat in the United States is almost entirely in the large elevators where it is readily available for purchase. The holdings of old wheat on farms and in country elevators are small. The government has reported only 32,000,000 bushels on farms as against 47,000,000 bushels a year ago.

"The volume of wheat in store at the larger points is at least 60 per cent more than last year. Taking all positions into account, we apparently have more wheat than a year ago, but the surplus is not nearly so great as might be inferred from press reports about the farm board surplus.

Small Increase

"The 1931 wheat crop in the United States is very little, if any, larger than last year and the year

before. The government report places the estimate at 894,000,000 bushels, against 893,000,000 bushels for last year and 821,000,000 bushels for 1929. The winter wheat crop is larger but the spring crop fell off.

"The Ohio wheat crop is estimated at 51,370,000 bushels, which is twice the five-year average. This estimate was made a month ago and is subject to reduction for poor quality. Rain has delayed threshing until losses will be heavy.

"The Canadian crop is estimated around 250,000,000 bushels as compared with 215,000,000 bushels last year. The Canadian visible is only 100,000,000 bushels over last year so that the net Canadian supply is less than last year.

Results from Low Prices

"Low prices apparently are stimulating wheat consumption. The takings are showing decided increases over last year. As soon as the market recovers from the attentions of its 'friends' we may expect that prices will begin to reflect the more favorable conditions. There is even a possibility that dollar wheat may again become a reality.

Pupils on Windsor street may choose between Central Junior High school and the new Junior High school. All of the area including Foster Lane and south of it will be in this district. The area south of Columbia street extending east as far as Main street and south to the city limits will be considered a reasonable distance, and pupils may, by asking to be assigned to the new school, secure such permission if parents desire it.

The Central Junior High school district will include all of the Silver street seventh, eighth and ninth grades, the Oak street district, State street and Mark street district and south of the railroad tracks extending east as far as Vine street. Those living on Vine street may choose between the Central Junior High school and the Vernon Heights Junior High school. Dr. Meyer said Powers was of a sadistic nature. He added that, having interviewed many criminals, he would say from observation that Powers was of "a shut-in personality; he shunned society and was suffering from a superiority complex."

The psychiatrist said Powers told him he was born in Cedar Rapids, Ia., and that his family came to Clarkburg, that he was graduated from Cedar Rapids High school and attended Ames college.

"I never have confessed and I'll tell my story at the trial," Dr. Meyer quoted Powers as saying. "I have no interest in religion, and only called the minister to get out of the agony which officers were putting me in."

A Baptist minister was permitted to see Powers at the prisoner's request Saturday.

When he was asked concerning a statement that officers alleged he signed, Dr. Meyer said, Powers replied that he "signed a piece of paper but did not know what it was."

# FINANCE PROBLEM CONFRONTS HOOVER

By The Associated Press  
WASHINGTON, Aug. 31—Announcement by Secretary Mellon of a billion dollar financing program brought President Hoover today face to face with the vexing problem of how to balance next year's budget.

It is a matter he must thrust out with Mr. Mellon and Republican congressional leaders before the opening of congress in December. It appears now to be very much a two-sided problem.

Mr. Mellon, despite his resort at this time to another huge bond issue, is known to favor a revision of taxes to raise the necessary funds to meet a prospective billion dollar deficit next year. The fiscal year ending June 30 incurred a \$903,000,000 deficit, largely met by a long term bond issue.

The treasury's September financing plans include an \$800,000,000 bond issue carrying three per cent interest, to run for 20 to 24 years, and a short term issue of \$300,000,000 in certificates of indebtedness at 1 1/2 per cent.

# CIGARET SALES UP, RETAILERS REPORT

Marionites Buy in Carton Lots To Avoid Tax Effective Tuesday.

A noticeable increase in cigarette sales was reported by Marion retailers today as thrifty Marionites bought a several-days supply before the new tax becomes effective Tuesday.

On a carton of cigarettes containing 10 packages of 20 cigarettes each, the purchaser saved 20 cents. Stores reported sales of four and five cartons of cigarettes today.

Meantime, all retailers kept County Treasurer Bert J. Shelton busy selling the new tax stamps. All cigarette sold after midnight must bear the state's new stamp. Stamps are pasted on each package of cigarettes sold, with the dealer cancelling the stamp before the sale is made.

The problem of attaching stamps on the smooth cellophane wrappers used on two popular brands of cigarettes has apparently been solved by the use of sandpaper. The roughs to hold the stamp sufficiently to hold the stamp. Cigarette retailers must not re-sell stamps. Unused stamps may be returned to the treasury for refunds.

# DOG RISKS LIFE TO RESCUE 40 SHEEP

By The Associated Press  
NORWALK, O. Aug. 31—Talk about firemen who risk their lives entering burning buildings—what about Frank Russell's collie dog named Jerry?

Six times Jerry braved the roaring flames of a burning barn on his master's farm at Clarksville, Saturday night, in vain attempts to save 150 registered Merino sheep. The collie finally was driven away by the flames but not until he had saved 40 of the fire-frightened Merinos. The others were burned.

The barn, which was one of the largest in the country, was destroyed together with two other buildings, at a total loss of \$18,000. Russell said the fire started when a buck sheep butted a lighted lantern he was holding.

# SLAIN OR SUICIDE? POLICE SEEK KILLER OF RACKETEER CHIEF

By The Associated Press  
PHILADELPHIA, Aug. 31—Police of New Jersey, Pennsylvania and New York today sought the killers of Mickey Duffy, South Jersey racketeer chief slain Saturday in Atlantic City.

He had set up trust funds totaling \$400,000 for his wife.

Released in \$10,000 bail after arrest as a material witness, she was guarded by six gunmen in her Philadelphia mansion.

Duffy's henchmen were searching underworld hangouts for the killer. Both police and the gangsters held the theory that Duffy was slain by his own men as he slept.

Harry J. Green, Duffy's gambling manager, and James Richardson, ex-pugilist, were arrested at Berlin, N. J., on suspicion of having knowledge of the killing, and were held under \$150,000 bail.

Atlantic City had been a truce zone for gunmen under an unwritten agreement and Duffy was without his bodyguard during his stay there. He had sent for his guards shortly before he was slain.

Duffy had known for several weeks that he was "on the spot." Twice during the past six weeks he had been the target for bullets that missed.

Philadelphia police took control of the Duffy suite in the Ritz-Carlton hotel and obtained papers which they said would "rip open" the underworld. Names, addresses and telephone numbers, many of those of prominent social, business and professional persons, were found.

House Frock in Larger Sizes.

PATTERN 212  
The larger woman requires a house frock which is loosely comfortable, and yet which does not look as if comfort were its only requirement. This one is designed with short sleeves for ease in reaching, a skirt slightly flared for plenty of width, and a waistline vaguely defined by a belt. The curved skirt line and a diamond shaped inset on the bodice are both features that create an illusion of slenderness. Printed cotton, linen, or one of the durable rayon fabrics would make up attractively in this model.

Aged Marion Man Uses  
Flowers To Beautify Home

J. B. Virden of 1171 east Church street believes in making his world and especially his own neighborhood a more beautiful place to live in. This eighty-seven year old native of Marion county in the nearly three years he and Mrs. Virden have lived with their daughter, Mrs. Cora Rexroth, has made the grounds of her home among the most attractive in the city.

An "alley garden" is one of his hobbies. Two years ago he went to the safety director and asked for the use of two feet of ground at the rear of the Rexroth home. The request was granted when it was found that the allotment would not interfere with alley traffic.

Made Beauty Spot  
The two feet of ground have developed into a luxuriant strip of flowering four o'clocks, zinnias, gladioli, snapdragons, delphinium, asters and wild flowers. Mr. Virden is certain that many a square of alley in Marion could be made an attractive spot if Marionites were more interested in beautifying their city.

The window boxes at the front of the house are filled with bushy healthy coleus, vining petunias and pasturiums, and in front of the house are low shrubs, forget-me-nots, tall yucca plants known as

"Adam's Darning Needle," and shrubs of the ever-green variety.

Flower sheds dot the lawn, blooming with hardy flowers, and all around the house are varieties of hardy plants and flowers, wild flowers, including black-eyed Susans, and a hardy variety of tomato, or "red hot poker."

Since WM Flowers  
Around the garage Mr. Virden has planted wild flowers and shrubs.

Mr. Virden is assisting the city in taking care of the flowers at Garfield park this summer. When he and Mrs. Virden lived on the farm of their late son-in-law, John N. Rexroth of near Marion, Mr. Virden each summer raised flowers for sale, and cleared from \$200 to \$300 each year.

Mr. Virden will be 88 years old on Dec. 2. His knowledge of flowers has been gathered from seed catalogues, a little study of botany, and from talks with people who

have more flowers than he has.

In a combined period of 30 years Mr. Virden served as superintendent of the Epworth and Meeker M. E. Sunday schools, and in his time as superintendent of Epworth the membership of the school increased nearly 300 members.

WRITES TO PARENTS  
OF SIGHTS IN EUROPE

Karl Bolander, Former Marion Man, on Way Home from Tour.

The picturequeness of the peasants of Czechoslovakia and the ultra-modernness of the capital city of Prague are two of the most interesting details of the country, to Karl Bolander of Columbus, formerly of Marion, who is on a two months' tour of Europe, gathering material for art lectures.

Bolander, in a letter to his parents, Mr. and Mrs. J. B. Bolander of south Prospect street, tells of some of the interesting things seen while passing through the country, accompanied by Mrs. Bolander and a party of friends. The intricacies of foreign money changing have become less difficult. He writes: "I have learned to make change in six different

kinds of money. We had Austria money yesterday. Czechoslovakian today and for the next two days will have the most unstable of them all—the German mark."

Bolander is collecting material for lectures before the Columbus School of Art of which he is head, and various art groups which he is invited to address.

The party left Cheshouboe, France on the S. S. Montrose and will land at Montreal on Sept. 6. Bolander wrote of the peasants and the city of Prague as follows: "The peasants are out in their colorful dress. Women with vermilion stockings, blue dresses, green waists and yellow shawls thrown over their heads. Some are carrying a load of hay or wheat on their backs. The men drive oxen. Everything is so primitive. But upon entering the city, one finds it modern to the last word. Prices here are very reasonable. A pair of men's shoes in fine leather that would cost \$19 in the United States sells for \$7 here."

scientist and radium expert, tells the congress of radiologists in Paris that the rays may prolong human life indefinitely.

Old age means simply a state in which the tissues of the body have become deoxidized and the state of complete deoxidation is death.

Alpha rays arrest this deoxidizing process. Beta and Gamma rays reoxidize the tissues giving them new life.

No calamity could be greater than making life last forever. Imagine a world peopled by 10 billion human beings all too old to have children or accept a new idea.

While waiting for "youth from radium," the wise man will re-oxidize himself with deep breathing, open windows and exposure of his body to the sun's rays.

Rejuvenation by radium would be at least more welcome than the Vornoff method via the glands of goats or monkeys. An old man anxious to revive energy that will let him continue playing the fool is a sad sight.
